Description

For sale is offered elegant and modern Villa Magnolia (Twin villa) in one of the most prestigious districts of Riga - Mezaparks!

Mežaparka Residences covers 31 ha of well-developed territory that is a harmonic continuation of the original Mežaparks district.

The concept is designed to create a closed, private, and completely developed community with villas, twin-villas, row houses, and apartment buildings, the designs for which have been created by well-known Latvian architects. The first phase of development has been completed. Paved, lit pedestrian walkways and streets are interspersed with benches.

The territory has 24 hr security. All necessary utilities have been installed – water and sewage, gas, and electricity. In order to maintain the architectural harmony of the community, all individual home designs must adhere to the general project concept.

The twin houses reflects characteristics of modern architecture, at the same time maintaining coziness in the house and individuality in the exterior solutions. The houses are a modern interpretation of the Mezaparks art nouveau villas, which creates a sense of belonging to a historical garden city.
