The complex comprises three buildings: two new builds and the third a renovated 19th century Art Nouveau building that was designed by the architect Florian von Viganovsky. J5 consists of 41 apartments with floor space areas of between 44m² and 185m². The apartments are light, with full-size windows. Most apartments have balconies or patios. The elaboration of individual interior designs is offered to apartment owners and apartments with pre-developed design projects are also available.
