Description

New project with a large closed, green area, with its own garden and playground.

The layout of each apartment is individual and well thought out. The facade and entrances of the house are made in a unique design and quality. Only high quality European finishing materials and sanitary ware are used in the interiors. Ceiling height from 3, 2 m to 4, 5 m. A large number of parking lots, including under a canopy. The price includes one parking space.

Almost all apartments on the ground floor have their own plots of land.

The four-room apartment is located on the ground floor and has its own plot of land. The apartment has a master's and a guest bathroom, 4 rooms, thought out in detail for a convenient location of the kitchen and a wardrobe.

The project is located in a very convenient location, not far from the clinic, shops, and the center of Riga is only 10 minutes away.
