Description

A three-room apartment is for sale in a new project on Slokas street.

Layout of the apartment: living room combined with kitchen, two bedrooms, one bathroom, balcony

Modern architecture and high quality materials. The energy efficient three-story residential building with 20 apartments creates a secluded, calm and comfortable atmosphere. A Scandinavian-style project, a variety of materials, the latest building technologies and, above all, comfort. Around the house you can enjoy a wonderful environment and well-groomed infrastructure - from the location of nearby Pardaugava to everything you need, within walking distance - a school, kindergarten, shop, entertainment facilities. The center of Riga is just a 10-minute drive away.
