Please, contact us in order to get more detailed information about this Investment Project.

Riga (Kipsala). The property is located near the Historical Centre of Riga at the prestige area of Riga. Also, Kipsala is

included in the list of UNESCO as an inheritance of world's culture because of their specific models of wood architecture. The unique location of Ķīpsala allows you to be in the very middle of downtown, and in the same time, it keeps extraordinary aura of provincial town within green environment and low-rise residential buildings. The closeness of largest Latvia's river Daugava make possible to enjoy relaxation both at and over the water. In direct closeness of the property are advanced infrastructure - elitist private houses, villas and low-rise residential buildings, prestige school, restaurant, dock for motorboats and yachts. There are available sports complex with swimming pool, hotel „Islande Hotel”, supermarket „Olympia”, international exhibition hall “Ķīpsala”, modern bank's building „Saules akmens”. There are already developed semi-detached house project. Besides, close to this area are planned building processes for several significant residential and business buildings, for example, multi-functional buildings “Elipse tower”, “Riverside Plaza” and “DA VINCI”, Riga's concert hall, business centre “Z TOWERS”.

The land plot has a border with the street existing in the project behind which lies branch of coast line of river Daugava where you can establish dock for motorboats, small sailboats and yachts.
