Description

Jurmala – the largest resort city in the Baltic States is well-known for its natural treasures – the mild climate, sea, healthy air, curative mud and mineral water. The attraction of Jurmala hides in its almost 33 km long white sand beach, the large pine forest and the natural border of the city – the river Lielupe. In Jurmala, You will discover a combination of charming wooden houses built in the beginning of the last century and modern resort buildings. In all seasons resort city Jūrmala offers wide range of leisure activities. It is a perfect place not only for swimming, playing volleyball, football, handball or frisbee at the beach, but also for exercising, Nordic walking, kite surfing and windsurfing, water cycling and water motorcycling. Children can play in special beach playgrounds, but those who like cycling may enjoy Jūrmala by cycling along the beach or on special bike ways, where you can see the marvelous wooden architecture.
