Price: To buy: 116 573 EUR

Description

We are offering a light, cozy 2-bedroom apartment for sale in the new unique **IRIS** apartment complex, located in secure fenced area in Shampeteris - a scenic and ecologically green district of Riga. Shampeteris is a district that connects Riga city centre, the capital of Latvia, to one of the country's most beautiful resorts - Jurmala.

The apartment offers:

- a living room with a connecting dining room and kitchen with access to a terrace;
- a large bathroom with shower;
- two separate bedrooms, one of which is a master bedroom with a spacious dressing room and a separate bathroom with a large bath;
- there is an opportunity to make an isolated kitchen.

Attention! Buying this apartment comes with a bonus - the right to use a fenced plot of land - a patio in front of the apartment that will make you feel like you are living in a villa near the centre of Riga! The modern, spacious, and functional layout makes this apartment an excellent choice. The panoramic windows and the patio not only add additional natural light, but also make the apartment feel larger and airier. The apartment is sold fully-finished with only best materials that include: parquet flooring, radiators, Ideal Standard bathroom fixtures and tiles, doors, plinths and sockets.

The project provides for ground parking: the cost is 6,200 Euro per parking place.

The apartment will be a good choice for investment; currently, ROI is 6% - 7%. Please contact us for further detailed calculations.

You will only have to accommodate the furniture and you can enjoy a comfortable life in your new home!

The apartment is due for completion in the winter of 2018.

The project is supported by bank financing, including the [ALTUM](#) program.

IRIS Shampeteris Apartments connects people with similar interests, outlook on life, and appreciation of a superior level of comfort.

Full information about the project and its benefits, infrastructure and landscape can be found [here](#).

The layout of the apartment can be viewed on the floor plan in the pdf document below. [Apartment Number 5.](#)

Please contact us for more detailed information and to arrange a viewing.
