Description

Office buildings in Riga at Brīvības gatve 214B, Brīvības gatve 214M, and Bērzaunes iela 1a are located on the territory of former State Electrotechnical Factory, where new business and creative district has been formed. The total floor area of the acquired office buildings exceeds 27 000 sq m. Currently, there are 88 tenants in the office buildings, and the largest ones are Intrum Justitia Software Development Centre, SIA, which deals with software development, implementation, and maintenance for the needs of its group of companies, and Latvian branch of Accenture – international company providing consulting, technology, and outsourcing services.
