Description

For sale is offered a project, that allows you to build 13 modern apartments in the heart of Riga- Upīša Pasāža. Project includes 13 brand new apartments located on the 7th floor of the building. It is allowed to build up to 1 000 m² with high ceilings, gas heating and elevators. Similar project was already implemented in the building nearby - The apartments were offered for rent with a quality finish, large panoramic windows and good heat / sound insulation. The apartments were equipped with an autonomous gas boiler, plumbing, fixtures, built-in wardrobes and kitchens. All apartments are successfully rented. You can create added value and build the 7th floor over an existing historic building and rent or sell apartments. . The project is located in the middle of the Passage, away from the city noise.
