Description

The project is favorably distinguished by its convenient location. Being located between transport routes, residents can easily and quickly get to the center of Riga, as well as to the airport or Jurmala. The territory of the village is equipped and landscaped. Each house has an asphalted driveway and a fenced yard. An ideal home place for your family to live! The houses are fully equipped with city communications, each has a garage section for one car.

Layout: two storey house with four bedrooms and a living room, two bathrooms, a garage, as well as a separate parking space in the garage and a closed courtyard.
