Description

We are selling a modern, stylish semi-detached house, built in 2021.

The house it was designed so that the sections do not touch each other - thanks to which the house is equipped with a large shed for storing the car, under which it will be convenient not only to park a large car, but also enough space for motorcycles and bicycles. The canopy provides an opportunity to set up a closed storage room for garden, terrace furniture and other things.

Each section is equipped with its own gas boiler, its own spices water and a biological sewage treatment system. The whole territory of the house is fenced, landscaped and planted with thuja.

The house is in a good location, close to the forest, the center of Mārupe is a 5-minute drive away, where all the necessary infrastructure is located.

Within a radius of 2 km there are 3 kindergartens, schools are 3 and 4 km away, where there are also tennis courts, ice rink, fitness clubs, horse riding.
