Zolitūde is located near the centre of the city – just a 15 minute drive. Jūrmala highway is also close by – the same 15 minutes by car. En route you can make use of different services available – gas stations (STATOIL, VIADA, TREST), cafes and restaurants (PICA LULU, Mu Mu). The airport is quite near, so you can get there conveniently whenever you need to.

The neighborhood is a demonstrative example of what well-developed infrastructure actually means – a kindergarten, supermarkets (SKY, RIMI and Mini Maxima), a construction materials store (K-RAUTA) and a great variety of public transport – buses (No. 8, 44, 53) and minibuses (No. 234, 237, 242).
