The new residential complex "Sea Castle" is located in famous coastal town Jurmala (Bulduri) in 18 km from Riga City

with villas, pine forests, resort hotels and all relevant infrastructures as sport and leisure complexes, aqua park and supermarkets. The property is situated in a quiet, picturesque area in 100 m distance from Riga's Bay seaside, and just 10 km from Riga international airport, with good access roads.

Jurmala is a unique town – a resort in Latvia on the shores of the Baltic Sea. Everyone who has been to this beautiful place once, felt its special aura, created by unique old buildings, the pinewood, the dunes, the sea, the lakes and pure air. The Baltic resort Jurmala is located 25 km far from Riga, the capital. Due to the beneficial geographic location the town is very easy for access from any country of the world. The international airport "Riga" is only 18 km far from the centre of the city. It takes only 30 minutes to get from the centre of Riga to Jurmala by a commuter train or by a route minibus. The resort has a little over 60 thousand permanent residents. But in summer time this number of people doubles.
