Description

A beautiful property with an outdoor pool is for sale in the historical center of Katlakalna, in the territory of private houses, in a quiet and peaceful place. Fully fenced plot with a total area of 1356 m², with an outdoor pool (4x10m) and two garages. A three-story residential building and an underground floor with a total area of 351 m². The residential house was put into operation in 2007. The house is built from monolithic reinforced concrete foundations 30 cm, waterproofing, decorative plaster, built from Fibo blocks 30 cm external walls, internal load-bearing walls are built from 30 cm bricks. All railings are made of stainless steel, including the railings for the outdoor terrace and all balconies are made of stainless steel. Ventilation system (recuperator), built-in vacuum cleaner on all three floors, very convenient wiring. The lighting in the hall and at the entrance to the house turns on with sensors. The house can be illuminated from the outside, including the balconies. Oak parquet floor in all rooms, oak stairs to all floors, oak doors, high quality tiles in bathrooms.

All documents agreed. Automatic gates are opened with a remote control and additional gates in the territory and garages.

Well-maintained, flat, paved large area around the house, along the fence and pool, where you can ride a bike, lawn. Outdoor pool (4x10m):

+ Water circulation and countercurrent for the pool

+ The solar collectors are connected to the pool heating and the solar collector ensures that there is no need to heat the hot water in sunny weather in the summer.
