Description

For sale is offered a plot of land (4795 m²) with a two-story stone house (327 m²) in the area of the South Bridge. The plot is located in close proximity to the main city highways (the intersection of Maskavas and Krasta streets). There is a developed technical project for the construction of a small shopping center and a preliminary design of a multi-apartment residential building.

It is possible to sell only a house with a small plot.

To the house are connected all city communications (at present are switched off) .
